-

PROJECTS

Amazon Clone (HTML & CSS)

- Developed a front-end replica of the Amazon website to practice UI design and responsiveness.
- Designed structured layouts and ensured mobile-friendly optimization.
Project Role: Front-End Development
Domain: Web Development

Words Wonder (Word Guessing Game - HTML, CSS & JS)

- Built an interactive word-guessing game with JavaScript. Players have six attempts to guess a word based on a given hint.
- Implemented real-time user input validation and designed a dynamic UI.

Project Role: Game Development, JavaScript Logic Implementation

Domain: Web & Game Development

Basic Programming Projects (HTML, CSS & JS)

- Developed mini applications like a calculator, temperature converter, and multiplication table generator.
- Showcased core JavaScript functionality for problem-solving.

Project Role: Logic Development, UI Implementation

Domain: Web Development

Rock Paper Scissors (HTML, CSS & JS)

- Designed a classic Rock-Paper-Scissors game where users play against an AI-generated response.
- Implemented JavaScript logic for real-time gameplay and dynamic UI effects.

Project Role: Game Development

Domain: Web & Game Development

CERTIFICATIONS & ACHIEVEMENTS

- **NPTEL Certification:** Joy of Computing Using Python - IIT Madras (Jul-Oct 2024)
- Responsive Web Design - FreeCodeCamp
- Java Internship Completion - CodSoft

INTERESTS & HOBBIES

- Web Development & AI Enthusiast
- Reading Technology Blogs
- Cricket
